

Ready contractor pumps

Compact submersibles for demanding jobs

Flygt

ITT Industries
Engineered for life

Our line of Ready pumps

Ready 4 and 8 dewatering pumps

■ Weighing only 27 lbs. and 33 lbs. respectively, the Ready 4 and 8 submersible pumps are very reliable compact pumps designed for dewatering construction sites, flood cleaning operations, manhole drainage and similar applications. They can handle abrasive and corrosive liquids in the range of pH 3–9 and particle sizes up to 3/16”.

Ready 8S trash pumps

■ Ready 8S is a solids handling pump designed for contaminated water and water containing sand, gravel and debris with particle sizes up to 1 1/2”. It can handle liquids in the range of pH 3–9.

Accessories

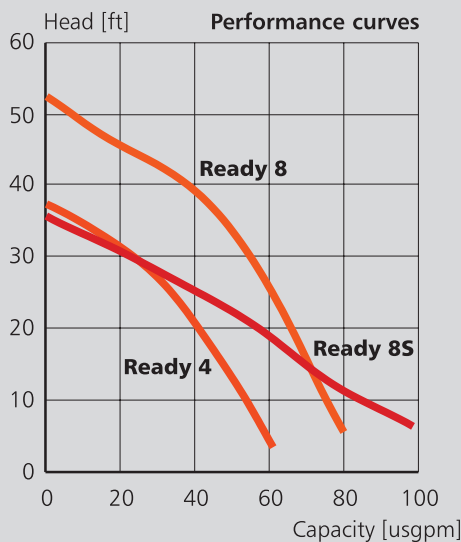

- **Optional level regulator.** Allows automatic operation of the pump based on water level.
- **Low suction collar.** A low suction collar (Ready 4 and 8 only) enables water to be pumped down to a very low level.

Simplicity in service

Simplicity in service is at the core of our maintenance philosophy. Our spare parts kits with easy-to-follow assembly instructions make it fast and easy to perform basic services.

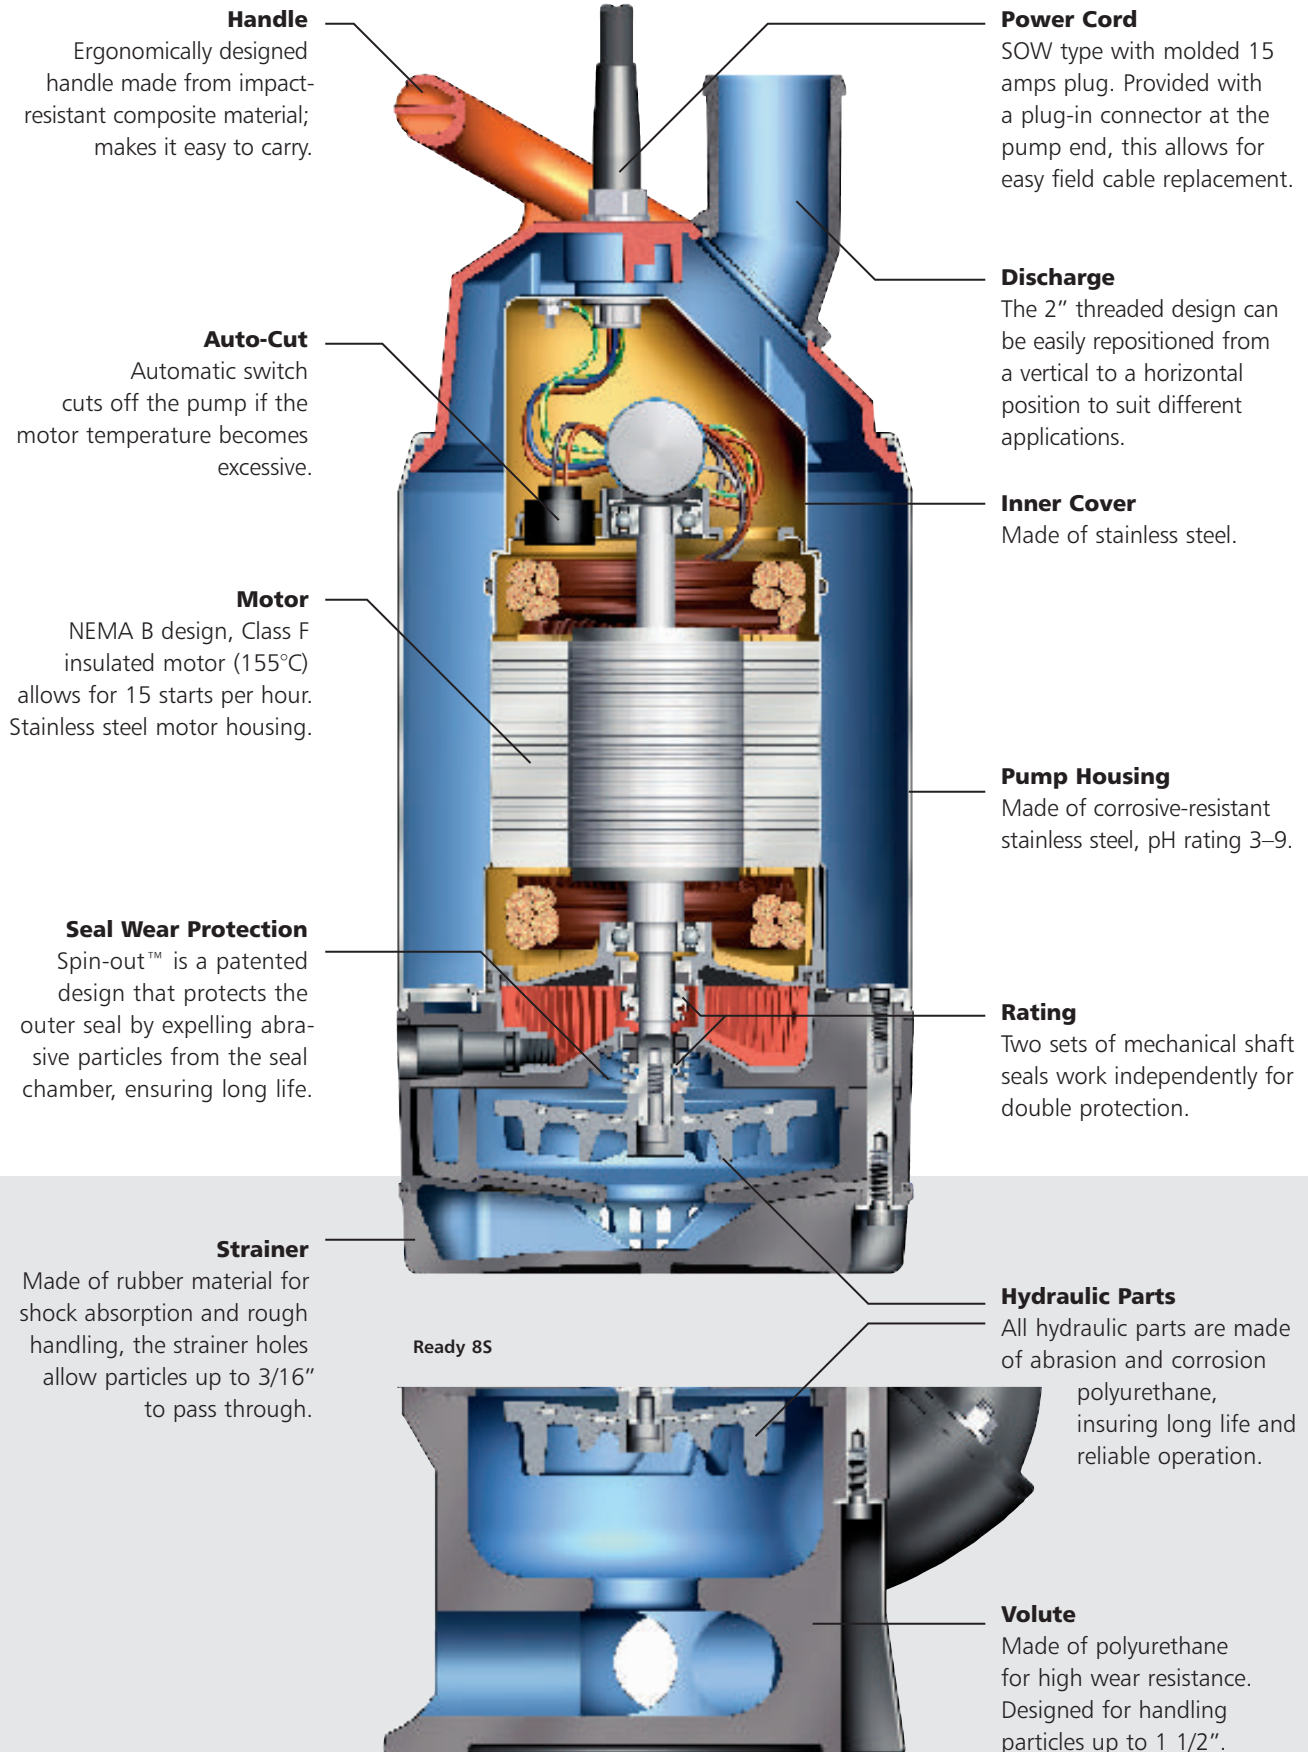

Your choice of three spare parts kits:

- Impeller kit
- Outer seal kit
- Diffuser kit

| 60 Hz | Ready 4 | Ready 8 | Ready 8S |
|------------------|---------|---------|----------|
| Phase | 1 | 1 | 1 |
| Power (HP) | 0.6 | 1.1 | 1.1 |
| FLA @ 115 v | 5.5 A | 9.8 A | 9.8 A |
| FLA @ 230 V | 2.9 A | 4.8 A | 4.8 A |
| Outlet | 2" | 2" | 2" |
| Throughlet (in.) | 3/16" | 3/16" | 1 1/2" |
| pH Range | 3-9 | 3-9 | 3-9 |
| Weight (lbs.) | 27 lbs. | 33 lbs. | 35 lbs. |
| Height (in.) | 15 3/4" | 17" | 20" |
| Diameter (in.) | 7 5/16" | 7 5/16" | 11" |

A pump you can count on
